

# Cookie Policy of [www.flightback.it](http://www.flightback.it)

This document contains information about the technologies that enable this Application to achieve the purposes described below. These technologies allow the Owner to collect and save information (for example through the use of Cookies) or to use resources (for example by executing a script) on the User's device when the latter interacts with this Application.

For the sake of simplicity, these technologies are briefly referred to in this document as "Drawing Instruments", unless there is reason to differentiate.

For example, although Cookies can be used in both web and mobile browsers, it would be inappropriate to speak of Cookies in the context of mobile applications, since they are Tracking Tools that require the presence of a browser. For this reason, within this document the term Cookie is used only to specifically indicate that particular type of Tracking Tool.

Some of the purposes for which Tracking Tools are used may also require your consent. If consent is given, it can be freely revoked at any time by following the instructions contained in this document.

This Application uses Tracking Tools managed directly by the Owner (commonly called "First-party" Tracking Tools) and Tracking Tools that enable services provided by third parties (commonly referred to as "third-party" tracking tools). Unless otherwise specified in this document, such third parties have access to their respective Tracking Tools. Duration and expiration of Cookies and other similar Tracking Tools may vary according to what is set by the Owner or by each third-party provider. Some of them expire at the end of the User's browsing session. In addition to what is specified in the description of each of the categories below, Users can obtain more detailed and updated information on the duration, as well as any other relevant information - such as the presence of other Tracking Tools - in the privacy policies of the respective third-party providers (through the links made available) or by contacting the Owner.

For more information about California consumers and their privacy rights, Users can consult the [privacy policy](#).

## Activities strictly necessary to ensure the operation of this Application and the provision of the Service

This Application uses Cookies commonly called "tecnici" or other similar Tracking Tools to carry out activities strictly necessary to ensure the operation or provision of the Service. **Third Party Tracking Tools**

### Tag Management

This type of service is functional to the centralized management of tags or scripts used on this Application. The use of these services involves the flow of User Data through them and, where appropriate, their retention.

#### Google Tag Manager

Google Tag Manager is a tag management service provided by Google LLC or Google Ireland Limited, depending on how the Data Controller manages the processing of Data.

Personal Data processed: Usage Data and Tracking Tools.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

### Collection of privacy preferences

This type of service allows this Application to collect and save Users' preferences regarding the collection, use and processing of their personal information, as required by applicable privacy legislation.

#### Consent Solution by iubenda (iubenda srl)

iubenda's Consent Solution allows you to save and retrieve records of Users' consent to the processing of Personal Data, as well as information and preferences expressed in relation to the consent provided.

For this purpose, it makes use of a Tracking Tool that temporarily stores pending information about the device or User until it is processed by the API. The Tracking Tool (a browser feature called localStorage) is then deleted.

Personal Data processed: Data communicated during the use of the service and Tracking Tools.

Place of processing: Italy – [Privacy Policy](#).

Storage duration:

- ConS JS library localStorage (IUB\_DATA): not defined

## Cookie Solution by iubenda (iubenda srl)

iubenda's Cookie Solution allows the Owner to collect and save user preferences regarding the processing of personal data and in particular the use of Cookies and other Tracking Tools on this Application.

## Other activities involving the use of Tracking Tools

### Improve the experience

This Application uses Tracking Tools to provide a personalized user experience, allowing better management of user settings and interaction with external networks and platforms.

### Displaying content from external platforms

This type of service allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service could still collect data on web traffic related to the pages where the service is installed, even when users do not use it.

#### Google Fonts

Google Fonts is a font display service managed by Google LLC or by Google Ireland Limited, depending on how the Data Controller manages the processing of Data, which allows this Application to integrate such content within its pages.

Personal Data processed: Usage Data and Tracking Tools.

Place of processing: United States – [Privacy Policy](#); Ireland – [Privacy Policy](#).

## Measurement

This Application uses Tracking Tools to measure traffic and analyze User behavior with the aim of improving the Service.

### Heat mapping and session recording

Heat mapping services are used to identify the areas of this Application with which Users interact most frequently, in order to detect which of them attract more interest. These services make it possible to monitor and analyse traffic data and are used to keep track of User behaviour.

Some of these services may record sessions and make them available for later viewing.

#### Hotjar Heat Maps & Recordings (Hotjar Ltd.)

Hotjar is a heat mapping and session recording service provided by Hotjar Ltd.

Hotjar respects the generic "Do Not Track" headers. This means that the browser can instruct the script not to collect any User data. This is a setting that is available in all major browsers. More [information about opting](#) out of Hotjar can be found here.

## How to manage preferences and give or revoke consent

There are several ways to manage your Tracking Tools preferences and to give or withdraw consent where necessary:

Users can manage their Tracking Tools preferences directly through their device settings - for example, they can prevent the use or storage of Tracking Tools.

In addition, whenever the use of Tracking Tools depends on consent, the User can give or revoke such consent by setting their preferences within the cookie policy or by updating such preferences through the tracking settings widget, if any.

Thanks to special functions of the browser or device it is also possible to remove previously saved Tracking Tools.

Other Tracking Tools in the browser's local memory can be removed by clearing the browsing history.

With regard to third-party Tracking Tools, Users can manage preferences and withdraw consent by visiting the relevant opt out link (if available), using the tools described in the third party's privacy policy or by contacting them directly.

### Find your Tracking Tools settings

Users can, for example, find information on how to manage cookies in some of the most popular browsers at the following addresses:

- [Google Chrome](#)
- [Mozilla Firefox](#)
- [Apple Safari](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Good Work](#)

Users can also manage certain Mobile Application Tracking Tools by deactivating them through the appropriate device settings, such as mobile advertising settings or tracking settings in general (Users can consult the device settings to find the relevant one).

### How to opt out of interest-based advertising

Notwithstanding the foregoing, Users are informed of the possibility of using the information on [YourOnlineChoices](#) (EU), [Network Advertising Initiative](#) (USA) and [Digital Advertising Alliance](#) (USA), [DAAC](#) (Canada), [DDAI](#) (Japan) or other similar services. With these services you can manage the tracking preferences of most advertising tools. The Owner, therefore, advises Users to use these resources in addition to the information provided in this document.

The Digital Advertising Alliance also provides an application called [AppChoices](#) that helps users control behavioral advertising on mobile applications.

### Consequences of refusing consent

Users are free to decide whether or not to give consent. However, please note that the Tracking Tools allow this Application to provide a better experience and enhanced features to Users (in line with the purposes outlined herein). Therefore, in the absence of the User's consent, the Owner may not be able to provide the related features.
